Beginner track:

- **Virtual MAP Growth Basics** (9 – 11 AM Mountain)
 - What are the purpose and value of the MAP Growth assessments?
 - How do the MAP Growth assessments work?
 - How does MAP Growth connect to instruction?
 - How do we prepare for and administer the MAP Growth assessments?
 - What resources are available to help with MAP Growth?

- **Virtual Applying Reports: Connecting MAP Growth Scores to Student Learning** (1 – 3 PM Mountain)
 - How are my students doing?
 - How will results inform instruction for students?
 - What are my students ready to learn?

Advanced Track:

- **Virtual Informing Instruction: Responsive Planning for Instruction** (9 – 11 AM Mountain)
 - How do I plan responsive instruction?
 - What resources are available to support instructional planning?
 - How do I plan to support the various readiness levels of my students?

- **Virtual Applying Reports: Student Growth & Goal Setting** (1 – 3 PM Mountain)
 - Are my students making progress?
 - How do I set goals with students?
 - How do I share students' MAP Growth data?
